Facebook

What Facebook is: "Facebook (stylized as facebook) is an American for-profit corporation and online social media and social networking service based in Menlo Park, California, United States".

So what can you do on Facebook:

- Personal dairy
    - Some people blog about what they do day to day.
    - Some people put down simple things like vacations, visit from family. Friends, night outs, movies, etc…
- Show pictures.
    - Some people show recently photos of family, friends, get together, vacations. (example Erica my takes pictures when driving and post them).
- Some people use it too complain about every day life.
- Some people use it to enter contests.

Do you need an account to see people Facebook profiles: YES, did not years ago but you do now.

Just because you have an account does not mean you have to post on it. Some people have it to look up old friends or to see what

grandchildren our doing, though who no longer have contact with someone for what ever reason. I used it to find my daughter.

How to make an account:

Goto "facebook.com". When creating a account, no matter where you create and account, write down all the answers to all questions.
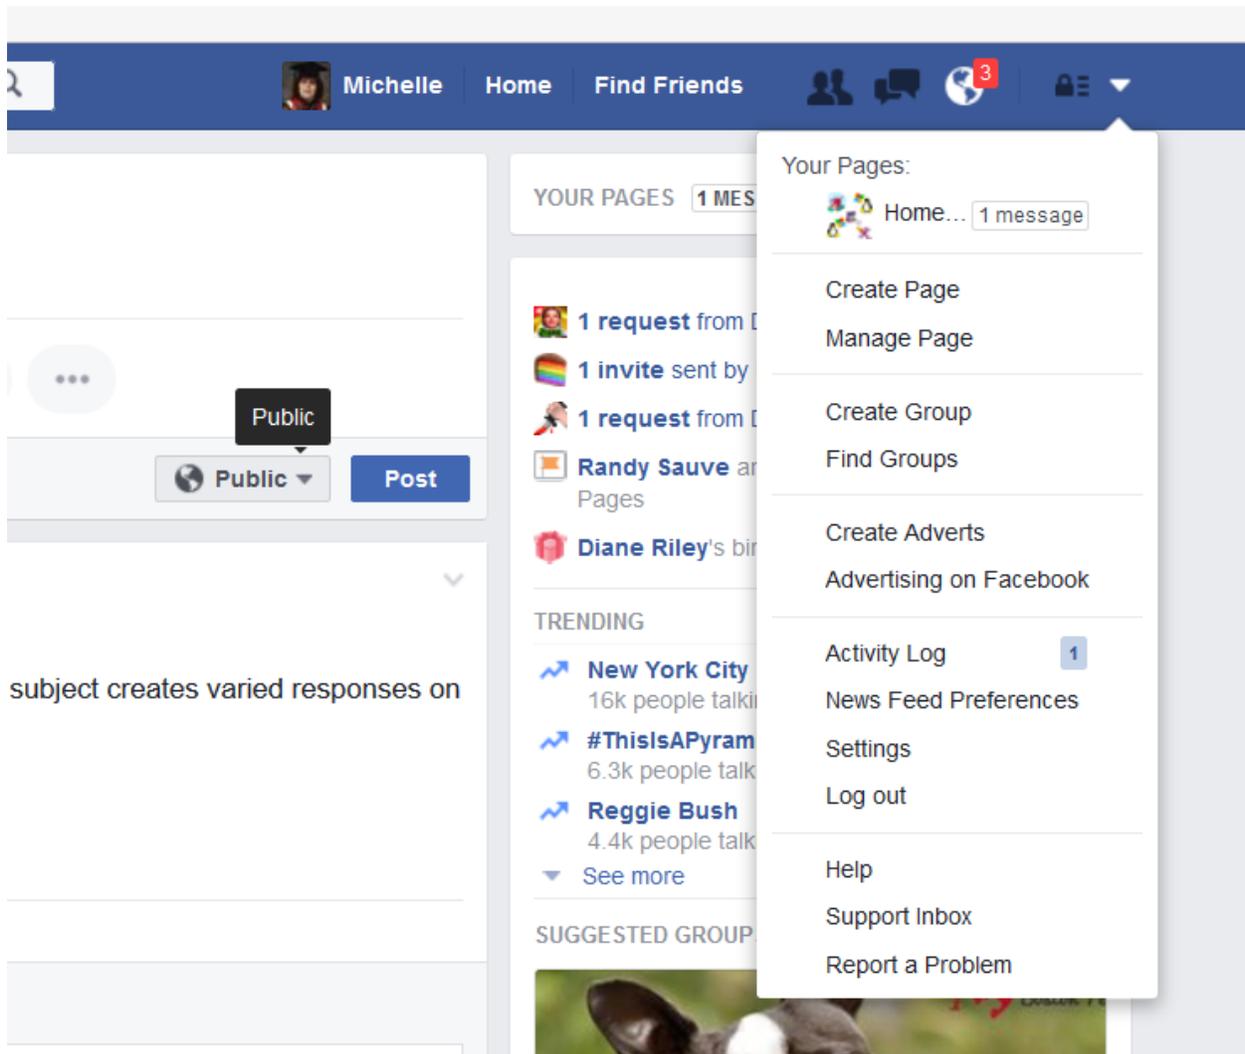

Name

DOB

Password

Email address

Etc…

You may need this in the future in case you forgot your password.

Other people may need this in case you pass away and they need to delete your account.

OPTIONS:

This drop down menu is where you can get help, create groups and change all your settings.

General settings: Change your name, address, contact info (they create a Facebook page name for you to give people, so they can find you faster.

Settings General:

General Account Settings

General	General Account Settings	
Security		
Privacy	**Name**	Michelle Brodeur
Timeline and Tagging	**Username**	http://www.facebook.c
Blocking	**Contact**	Primary: michellemb

Settings Security:

Security Settings

Login Alerts	Get an alert when anyone logs in to your account from an unrecognised device or browser.
Login Approvals	Use your phone as an extra layer of security to keep other people from logging in to your accoun
Code Generator	Use your Facebook app to get security codes when you need them.
App Passwords	Use special passwords to log in to your apps instead of using your Facebook password or Login Approvals codes.
Public key	Manage an OpenPGP key on your Facebook profile and enable encrypted notifications.
Your trusted contacts	Choose friends who you can call to help you get back into your account if you are locked out.
Recognised Devices	Review which browsers you've saved as ones you often use.
Where You're Logged In	Review and manage where you're currently logged in to Facebook.
Legacy Contact	Choose a family member or close friend to care for your account if something happens to you.
Deactivate your account	Choose whether you want to keep your account active or deactivate it.

This is where you setup most alerts, most people do not need to change this.

This is also where you deactivate(close down) you account.

Privacy Settings:

Privacy Settings and Tools

Who can see my stuff?	Who can see your future posts?	Public	Edit
	Review all your posts and things you're tagged in		Use Activity Log
