

Kanata Seniors Consumer Page Recommendations from other seniors

As we age we become more dependent upon others to do work for us. The roof needs to be replaced, the house needs painting, it is becoming too difficult to shovel the snow, but how do we find out who is responsible and will provide good service at a reasonable price?

This page will be devoted to supplying names of contractors **recommended by other seniors.**

We will not publish negative comments but hope that everyone can use these names as a basis for choosing someone to provide the needed service.

- Colin O'Connell, a self-employed licensed and insured plumber, who lives in Kanata. He has many years of plumbing experience and would love to be included in your list of trades people recommended for seniors. The link to his business on the net is www.trapsandtaps.ca , his business email is TrapsandTaps@gmail.com and his phone number is [613-798-3791](tel:613-798-3791). He gives daily tips for homeowners on his net site on how to deal with minor plumbing problems, but is there to help, if needed. Colin is a very affable type of person and always leaves as a friend of his customer.
